## Testing the water ( or wine, or beer ... ) Pub afternoon

A small turnout didn't spoil a lovely day. It was wonderful to welcome new villagers, (and the not so new!) to the first official FoCVH social event. Let us hope the sun continues to shine on CVH events. A significant dent was made in the Bar stock – beer, lager, cider, rum, wine and G&T were all consumed. This event made a small but significant profit; A gentle start but there is plenty of enthusiasm for more. *"Great things have small beginnings"* – Francis Drake. The day served its purpose in that the bar staff were functioning like a *"well oiled"* machine by the end of an enjoyable event ☺

On behalf of us all, may I say thank you to

John, Jesse and Ian for their work, and to Alwyn for keeping them in line!

There will be the opportunity to join the committee, and vote for the officers.
